No amendment.

**BACKGROUND:**

The Oregon State Marine Board is charged with regulating boating activities while promoting the multiple use and enjoyment of waters of the state.

Senate Bill 47 would establish the Waterway Access Fund to improve waterway access and promote boating safety education for the non-motorized boating community. The measure would also require a waterway access permit while operating a non-motorized boat, set permit fees, and eliminate the requirement to purchase an Aquatic Invasive Species permit for persons operating a non-motorized boat.
