

This is absolutely ridiculous!!! More taxes for something that does nothing for Oregon or the "environment"! It's shit like this that makes loving Oregonians want to leave and never look back!! All Governor Brown has done is take our money and now she wants more! Give us a freaking break!!! DO NOT PASS THIS BILL! Middle and lower class Oregonians are struggling as it is with higher taxes we can't and we won't take more! Say no!!!!
