Good afternoon -

I am writing you to respectfully request your support of HB2314.

I ride to and from work often, rain or shine. Knowing that someday I might be able to simply share the lane with cars when traffic is tight brings me some hope. Too often do I see drivers on their phones not paying attention to me. I would like some relief knowing I could keep traffic moving while safely moving between stopped or slow moving vehicles.

Thank you for your consideration.
