**Subject:** HB2314 - Oregon's 2019 Lane Sharing Bill  
**Date:** Monday, February 18, 2019 4:16:40 PM

---

Please vote YES on HB2314!

I've been an Oregon resident for about 42 years, have had an Oregon motorcycle license for about 24 year, and I and have been living in the greater Hillsboro area that whole time. Most of my work brings me out to Portland via highway 26. Over the years traffic has gone from bad to worse to horrible! Making motorcycle lane sharing legal would not only cut down my own commute time, but the commute time for others as well. It would also cut down on emissions because it would be less vehicle's engines that will be idling while at a stop. I like to be environmentally conscious, and my motorcycles and scooters get much better fuel economy than a car or truck.

I hope you support the bill to make lane sharing legal in Oregon!

Thank you,  
John Golden
