

My name is Larry Baughman and I live in John Day. That would be a 3 hour drive from Bend. **No increase in the gas tax.** I'm retired and needing to travel 3 - 4 hours (one way) to get to the medical help I need. That is true for a lot of us.

Cap and Trade for me would only add to our cost of living.

On a side note I am watching other bills that would add to my cost of living, such as some wanting to raise the boat registration fee by 32% and obtain a water passage fee to paddle a non-motorized boat.

Enough of tax increases! The tax payers of Oregon are not made of money.

Larry Baughman
