

HB 2313/SB 494: Independence and Integration for Oregonians with Disabilities

In 1977, a unanimous vote by the Oregon Legislature set into motion the Qualified Rehabilitation Facility Program (QRF), one of the most effective employment programs ever enacted in our state.

Today, the Products of Individuals with Disabilities Law facilitates employment of approximately 3,300 people with disabilities who provide vital goods and services to public agencies. But after 42 years, the law is overdue for an update that better reflects modern attitudes about and expectations for people with disabilities.

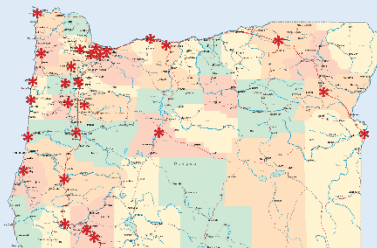

HB 2313 will:

- **Improve community integration** for people with disabilities who work for QRFs.
- **Phase in improved wages** for people with disabilities, guaranteeing they are paid at least the state minimum wage by 2023.
- Create tax credits/rebates to **ensure affected workers don't lose their jobs.**
- Update language in the Products of Individuals with Disabilities Law to **better align QRFs with the state's policy of Employment First** for people with disabilities.

Support Independence & Integration for ALL Oregonians. Pass HB 2313/SB 494!
