

To whom it may concern,

I am firmly against Cap and Trade. It is a Tax scheme thought up by Liberal Politicians to levy more taxes and gain further control over the citizens. It will do nothing for the environment, but will enrich Liberal Political agendas. Man caused Climate change is a Hoax; Climate change is a natural phenomenon that occurs in cycles over many years. I will fight Cap and Trade every way I can, and will vote against any politician that supports it.

Thank you for listening,
