

We are unable to attend the public meeting but wish to voice our STRONG OBJECTION to SB10. We have read the proposal and find it absolutely outrageous in its disregard for neighborhoods and current inhabitants.

We do not want to live in such an environment and would leave this state if this rezoning occurs. And until such time as we would sell our house to leave this state if Senate Bill 10 passes, we would vote against ANY legislator who votes in favor of this bill.

Sandra and Arthur Tobin
