

As a long time resident in SW Multnomah in Portland and long time tax payer and democratic member, we are appalled at the notion of desecrating our living standards under the false pretense of accommodating an alleged influx of potential people moving into the area in an arbitrary future date. This bill is anti-environmental, discriminatory against people of color and lower income, including the elderly such as myself, and most likely unconstitutional. This absurd bill is akin to taking one's land. This action will result in wasted tax money because it will undoubtedly lead to challenges in the court and ballot measures to undo this ill conceived idea...which incidentally, is well known to ONLY benefit developers. We are completely disillusioned with the democratic party in Oregon.

I would appreciate an immediate response back to us regarding this issue as well as an explanation as to why a hearing was rushed to vote without a chance for the public to be informed and educated on this bill.

Sincerely
Robert and Karyn Munford
