

I am writing in opposition to HB2020. This bill if passed will reap devastating results to every citizen in Oregon. Acknowledged documentation states that this bill will have no impact on the issue it is attempting to address. As a legislator, it is your duty to do no harm. It is also your responsibility to handle the affairs of the State and the well-being of the citizens of the state with integrity, keeping yourself free from any sort of personal gain, or aiding in the benefit of any person, group, or entity over any other.

This bill is wrought with opportunities to bring discredit to any who support its passing.

Be very careful what you attach yourself to. Being certain that it is driven by Truth and Love, and not by Deception and Opinion.

Investigate thoroughly where you are and where you are going. The truth will bring out the facts of a matter. Opinions are born of emotion. Don't be caught on the wrong side. The choices you make are critical to the lives of everyone who lives here.
