

I am writing to ask you to please support SB 723-2 to stop the vulgar practice of coyote killing contests in Oregon. Not only is there no scientific reasoning for these killing contests, they are insanely inhumane and immoral. The notion of having a contest to kill the most animals is in and of itself and absolutely bizarre and unjust notion...let alone an actual practice that we currently allow in Oregon .

Please stand **in support** of SB 723 --- the very great majority of Oregonians stand with you. Vote in support of SB 723-2 so that you can vote against KILLING CONTESTS.

Thank you  
Andrea Kozil
