A Chance...

Senate Bill 268 creates a subtraction from your taxes of \$200.00 for the expenses of adopting a pet

LFO estimated for a similar bill in 2017 the cost to be \$ 193,000/yr.

Our pets are not just animals, they are a big part of our lives and important members of our family. We take care of them, love them and treat them with respect, kindness and dignity just like any other loved one. In return they give us unconditional love, affection and enjoyment. Statistics say that people with pets live longer healthier lives. They help us stay active, lower our blood pressure, lift our moods and are also used for therapy and aid in healing.
