

Please Vote NO on Cap and Trade

I work for an Oregon business that competes nationally and will be harmed by this bill.

Additionally, my family is not able to afford the increased cost of living expenses that will come as a result of this program.

Our gas prices are already some of the highest in the nation. All of this for a bill that your own experts have told you will do nothing to impact climate change. We can't afford meaningless solutions.

I work for an Oregon business that competes nationally and will be harmed by this bill.

Additionally, my family is not able to afford the increased cost of living expenses that will come as a result of this program.

Our gas prices are already some of the highest in the nation. All of this for a bill that your own experts have told you will do nothing to impact climate change. We can't afford meaningless solutions.

Please Vote NO on Cap and Trade

I work for an Oregon business that competes nationally and will be harmed by this bill. Additionally, my family is not able to afford the increased cost of living expenses that will come as a result of this program. Our gas prices are already some of the highest in the nation. All of this for a bill that your own experts have told you will do nothing to impact climate change. We can't afford meaningless solutions.

Please Vote NO on Cap and Trade

I work for an Oregon business that competes nationally and will be harmed by this bill. Additionally, my family is not able to afford the increased cost of living expenses that will come as a result of this program. Our gas prices are already some of the highest in the nation. All of this for a bill that your own experts have told you will do nothing to impact climate change. We can't afford meaningless solutions.

Please Vote NO on Cap and Trade

I work for an Oregon business that competes nationally and will be harmed by this bill. Additionally, my family is not able to afford the increased cost of living expenses that will come as a result of this program. Our gas prices are already some of the highest in the nation. All of this for a bill that your own experts have told you will do nothing to impact climate change. We can't afford meaningless solutions.

Please Vote NO on Cap and Trade

I work for an Oregon business that competes nationally and will be harmed by this bill.

Additionally, my family is not able to afford the increased cost of living expenses that will come as a result of this program.

Our gas prices are already some of the highest in the nation. All of this for a bill that your own experts have told you will do nothing to impact climate change. We can't afford meaningless solutions.
