

I oppose HB 3063. I as a parent of 2 small children I should have the right to choose what I feel is best for my children.

If this bill passes I will be forced to leave the state of Oregon. I do not wish to have my parental rights obstructed and my personal choices made for me.

If they would just find a way to make the vaccine safer with less harmful ingredients I would vaccinate my kids in a heartbeat. I've done hundreds of hours of research on the matter to make my decision, so it was not done lightly. I am 100% unwilling to risk any harm to my children. Sickness can be cured but damage from vaccine injury cannot. It's a risk I'm willing to take.
