BACKGROUND:

The Oregon Medical Marijuana Program (OMMP) within the Public Health Division of the Oregon Health Authority (OHA) is responsible for the registration, regulation, and oversight of medical marijuana facilities in Oregon, including medical marijuana processing sites. Sites processing marijuana for the recreational marijuana system are subject to oversight by the Oregon Liquor Control Commission. Medical and marijuana businesses may not share the same physical address.

Senate Bill 387 allows medical marijuana processing sites to transfer certain medical marijuana products to individuals designated to produce medical marijuana.
