

My name is Samantha Welch,  
as a resident of Oregon I want to give my clear and full *disapproval* of the set forward Bill 3063.  
I oppose this for many reasons. Please do not come after Oregonians medical freedom. My  
three year old son who is unvaccinated, is the epitome of health and if I had to take him out of  
school because this unethical bill was enacted it would not only effect his education but my  
own. I am receiving my BA degree online and the only way that is possible is to have my son in  
school 5 days a week. Please consider all the families futures you will be effecting. Please do  
NOT sign this bill. Leave medical freedom intact.
