

I strongly urge all Representatives to oppose this bill.

This bill promotes nothing positive for Oregon. We all love this beautiful state and there are already laws in place to keep it beautiful.

This bill will destroy existing large and small businesses and discourage more from starting. Any bill should be with the intent for Oregon to thrive in a positive way for it's citizens and countryside. This bill would greatly suffocate all.

There are already existing models of this type of action and direction that other counties and states have taken. Study those models and you will see this bill is not what Oregon needs.

Thank you for your time.
