

After reading/listening the pros and cons of h.b. 2020, I'm very concerned. I live on a very small, set budget, SSI, which does not even cover my taxes/insurance/utilities, and food. I now have 2 credit cards adding up each month, just to survive. This bill will no doubt raise the cost of living in Oregon, the state that I was born in, 71 years ago! I want the chance to vote on this horrible bill! Just say NO!! Thank you.
