

Dear Committee Members:

I am a registered voter from McMinnville Oregon, mother of 3, grandmother of 8. I strongly oppose HB 3063.

There is no emergency that currently exists that would warrant taking away a parent's right to make an informed decision about which vaccines are right for their child. Government involvement is not needed to declare an emergency.

I urge you to vote no on HB 3063 and keep the freedom of medical choice alive in our state.
