

Dear Co-chairs, Dembrow and Power, and members of the joint committee on carbon reduction:

My name is Robert Wright. I live in Portland, Oregon and I am writing in support of HB2020, the Clean Energy bill.

I have valid concerns about the direction our environment is headed as the current administration in Washington chooses ignorance against action. I believe that the future generations deserve this bill as well as for the facts that this is a benefit to both our economy and climate.

Your support is appreciated.

Sincerely,

Robert Wright
