

Thank you for allowing me to speak today. My name is Brandon Green and I live in Veneta, Oregon. I'm here today to speak in opposition to HB2020.

If Oregon passes this bill, the price of fuel would increase by at least 16 cents per gallon and according to AAA, Oregon will have the third-highest gas prices in America. Independent studies show that annual household expenses including food, utilities and gas prices would increase up to \$1,500 per family.
