Subject: Support HB 3063 to remove the non-medical vaccine exemption and save lives
Date: Wednesday, February 27, 2019 10:25:31 AM

To Representatives on the House Health Care Committee,

Greetings, my name is Kathleen A. Naranjo and I am a nurse in Redmond, Oregon with the St. Charles Health System. I am writing to urge you to support HB 3063 which seeks to remove the non-medical vaccine exemption from Oregon law. Vaccination protects children and those at significant risk of infection, including babies too young to be vaccinated . Our community immunity is at risk as vaccinated children are a crucial part of the entire community's defense against vaccine-preventable disease. Oregon's current vaccination rates make all of us more vulnerable to disease. By eliminating the non-medical exemption from school immunization law, Oregon can increase vaccination rates and save lives.

Please support HB 3063, thank you so very much.

Sincerely,
Kathleen A. Naranjo, RN, BSN
