

Co-chairs Dembrow and Power, and members of the Joint Committee on Carbon Reduction:

My Name is Rob Oberdorfer, and I live in North Portland. I'm writing in support of HB 2020, the Clean Energy Jobs bill.

As a citizen and parent, I am increasingly worried about the environmental problems and short-sighted, carbon-driven economy we are leaving for future generations. We can and must do better. This legislation is a reasonable first step forward, and it gives Oregon a chance to lead other states by example towards a more sustainable and prosperous future.

I'm urging you to pass this legislation.

Thank you for your time and consideration.
