

DEAR ELECTED REPRESENTATIVE

I AM VERY UPSET THAT HB 3063 IS BEING FAST TRACKED.

For many citizens of Oregon, the imposition of mandatory vaccinations may create a potentially life threatening situation. It is not acceptable for this Congressional body to make hasty decisions to impose mandatory medical actions that could harm the lives of the citizens of Oregon.

I suffered vaccine-related injuries as a child. Additionally my own daughter suffered vaccine-related injuries that are documented by medical professionals. For that reason I believe that we must maintain the right to Medical exemptions for CHILDREN AND ADULTS from vaccines in Oregon.

I am writing to tell you that I STRONGLY oppose HB 3063, the bill to end all non-medical vaccine exemptions for Oregon schoolchildren. I believe parents should ALWAYS have rights to refuse vaccinations without being coerced, and I believe all children should have access to an education regardless of vaccination status.

Please join me in opposing any attempt to make vaccination of all citizens in Oregon mandatory. Please oppose HB 3063 along with me. Thank you

Sincerely,
Lisa Catranides
