

**To Whom It May Concern,**

**I am sending this comment in opposition to HB3063. I am not in favor of excluding children who have not received their vaccinations. I would like the exemption option to stay in effect. Parents should have the right to immunize their children at a different pace than the standard vaccination schedule. I would be in favor of a more stringent education process for parents when it comes to choosing the exemptions.**

**I am an educator in Ashland and see this bill as a direct threat to my place of employment. Thank you for your consideration of my opinion.**
