

Hello,

I live in Oregon and I oppose HB 3063, the bill to end all non-medical vaccine exemptions for Oregon schoolchildren. I believe parents should have the right to choose which or if any vaccinations they or their child(ren) receive without being coerced. Vaccination status should have no bearing on access to a public funded education.

Please do more research on this topic. Forced or mandated vaccinations are the equivalent of medical tyranny and violate several points of the Nuremberg Code.

I hope you will OPPOSE this bill.

Thank you for your time. I will see you at the hearing.
