

Hello,

I live in a town where it comes up every year about using your home as a "vacation rental"

Vacation Rentals create HIGHER CRIME RATES, TRASH, ETC.

We here in Wheeler Oregon have been fighting this change for years and are not for this Bill! Nor are a few other communities in this area.

Stop telling us what to do in our own communities, YOU DON'T LIVE HERE! And neither do the people who want to rent out said homes, they just want to make a buck on their vacation homes and stay for free! I cry BS!!!

This is not good for small communities like ours.

Love
