

This has special-interest fingerprints all over it. You want to limit local government's ability to locally govern? Many existing rentals are owned by absentee out-of-staters and you propose to sacrifice the well-being of local actual residents in order to accommodate people who mostly don't even live here? Yeah, that'll work, if you no longer desire to serve in the legislature.

Thanks, Jim Long, 5585 Castle Drive, Oceanside
