It was a real shock to me to find out that we were no longer Urban Growth Residential, but Urban Growth Industrial! Without ever being notified of such! We certainly did not ask to be part of the HB4078, and didn't want to be included into the UGB. We liked out nice neighborhood, great, lovely, rural and helpful neighbors. Hillsboro needs to continue to have nice green farm areas it, not huge industrial complexes and multi-housing.

I understand that the industrial designation will greatly decrease our ability to sell our homes .. as I am over 80 years, been here over 50 years, I would like the ability to sell if I have to at some point. This is a lovely area, my front yard is a historical Camas Lily field, and I hate to think what would happen to it if everything was industrialized

Thank you for considering our plea .....

Blessings,
