Hello,

I am a mother in Linn county working on growing my family. Not having access to midwifery care causes huge stress during pregnancy. Birthing babies in an environment you feel comfortable is key to a happy birth and it is unfortunate that women are basically forced to a hospital based on insurance restrictions and budgets. I'm addition access to midwifery care would provide a large cost saver for families and insurers.

Please vote yes on HB 2845 so that all Oregon families have access to midwifery care. Thank you for the work you do to support the health of mothers and babies.

Thank you,
Rylee Greene
