Hello,

I am a mom of two and a college graduate and I do NOT want to see this bill go forward. Mandating all 31 vaccines for all children will put certain children at risk. This bill does not reflect what all Oregonians want.

Vaccination should always be a choice a parent makes for their children because of the inherent risks involved with most vaccines.

Only 2.6% of students in K-12 are 100% UNVACCINATED so that means of the people who filed an exemption, 66% of them partially vaccinated their kids! (Because only 2.6% of the 7.5% of exemptions did no vaccines, that means 4.9% did vaccinate,  $4.9/7.5=65\%$ )

I ask that this bill be opposed as written. Keep Oregon a place where individuals are free to make choices for themselves!

Thank you,
