I am Leslie Newton and I oppose HB 3063. I do not believe a child should be excluded from schools because the parent chooses to exempt their child from one or more vaccines due to religious or philosophical reasons. Please vote no on HB 3063.

My daughter had a reaction to the vaccines and now has to go through life with the reaction that she had for the rest of her life.

If you look at it, my daughter is one of thousands of children in 2012 that had reactions at the same time.

Could it have been a bad batch of vaccines? We don't know because everyone wants to cover up their flaws.

Please, don't blame the children for what their parents choose to do.
