Subject: House Bill 3063

To Oregon legislature and representatives,

Thank you for considering our human right to not expose our children to toxic stressors.

I and many others are well educated parents who choose to not vaccinate our children and are **strongly opposed to House Bill 3063**. (I am a mother of two children in an affluent neighborhood of SW Portland) and grateful to live in the open minded state of Oregon.

This is a very clear and concise article stating the facts. Thank you for taking the time to review;
