AGAINST VACCINATION

As a responsible parent of my child, I am declining vaccinations for my child because the vaccinations conflict with my religious beliefs. We believe that the child's immune system is a creation of God and that God has given us a child and that to vaccinate would violate our faith in what God created.

As known, vaccination cocktail consists of live and dead viruses cultured in aborted fetal tissue and other toxic substances, mercury, aluminum and formaldehyde. We Christians stand against taking the life of an unborn child. We believe that abortion is murder in the eyes of God.

Also, there are no conclusive irrefutable studies to prove that vaccines are safe. As proof, our family member passed away after getting a vaccination. Also we know of a person that is permanently disabled as a result of the Hepatitis B vaccine.

There are a lot of kids that have medical issues such as eczema, atopic dermatitis ect, due which vaccination would harm them even worse, if something bad happens to those kids after they get a vaccine, **WOULD YOU REPLACE THIS CHILD TO THEIR PARENT? WOULD YOU PAY THEIR MEDICAL BILL? PLEASE LEAVE THE PARENT THEIR HUMAN RIGHT TO MAKE A DECISION, THEY KNOW WHAT IS BETTER FOR THEIR KIDS.**

THE GOVERNMENT USING VACCINES JUST FOR BUSINESS!!!
