

Dear Co-chairs Dembrow and Power and members of the Joint Committee on Carbon Reduction,

My name is Alan and I live in Portland. It's very important to me that you pass HB 2020, the Clean Energy Jobs bill. An independent economic study presented to the legislature in 2019 shows HB 2020 will benefit our economy. It will create thousands of good-paying jobs and the transition to cleaner energy will lower costs for people and businesses. It guarantees 2.2 million metric tons of pollution will be reduced every two years. Providing a opportunity to improve our economy and protect our environment. We should be actively fighting against climate change and deserves leaders that address this crisis. Please do everything in your power to protect their future. Passing the Clean Energy Jobs bill this year is an important first step.

Thank you,

A Concerned Oregonian.
