

**HB 2071 STAFF MEASURE SUMMARY**

**House Committee On Natural Resources**

---

**Prepared By:** Kailey Kornhauser, LPRO Analyst

**Meeting Dates:** 3/5

---

**WHAT THE MEASURE DOES:**

Modifies eligibility for hunting tags for female mountain sheep to allow a person to obtain a female mountain sheep tag regardless of whether the person has previously taken a mountain sheep or been issued a mountain sheep tag in Oregon.

*REVENUE: May have revenue impact, but no statement yet issued*

*FISCAL: May have fiscal impact, but no statement yet issued*

**ISSUES DISCUSSED:**

**EFFECT OF AMENDMENT:**

No amendment.

**BACKGROUND:**

ORS 497.112 limits controlled hunt tags for mountain (bighorn) sheep as "once in a lifetime" with the exception of auction and raffle tags. According to the Oregon Department of Fish and Wildlife, there are currently approximately 700 Rocky Mountain bighorns and 4,200 California bighorns in the state. Washington, Nevada, Montana, and Colorado allow for harvest of female bighorn sheep to address population control and disease. Harvest of male bighorn sheep does not address population control because a single male bighorn sheep may mate with many female bighorn sheep.

House Bill 2071 would modify eligibility for hunting tags for female mountain sheep to allow a person to obtain a female mountain sheep tag regardless of whether the person has previously been issued a mountain sheep tag.
