

>> Hello,

>> I am a very concerned grandparent of 2 children who are not anti-vaccine or pro-vaccine, but in favor of preserving our Pro-Choice freedoms.

>> With respect, it is not our governments job to dictate our children's overall health. Please leave Vaccine choice between our family and our children's Doctor to decide what's Best for us and our individual needs. Our family has the MTHFR Gene Mutation, which only allows for 40% of all toxins taken in to be Detoxed.

>> If you wish to Lobby for something Please push Pharmaceutical Companies to Clean Up ALL THE TOXIC VACCINES!

>> Thank you for serving our communities. Thank you for taking the time to read my letter. I ask that you Please vote NO HB 3063.

>>

>> Sincerely, Teresa Jordan
