

Dear Chair Salinas and Members of the House Health Committee,

I am a mother of two children in Lorane and I had the privilege of receiving midwifery care during my second pregnancy. I'm writing you to ask you to support access to midwifery care and vote yes on HB 2845.

All birthing people deserve access to safe, compassionate, and effective care during pregnancy and birth. Providing insurance coverage for midwifery care in Oregon will not only reduce the cost of care, it is one of the most effective ways to reduce our maternal mortality rate!

Please vote Yes on HB 2845 and support the health and wellbeing of Oregon families.

Thank you!

Tassia Fahsbender
