Hello,

I am writing to tell you that I oppose HB 3063, the bill to end all non-medical vaccine exemptions for Oregon schoolchildren. I believe parents should retain their rights to refuse vaccinations without being coerced, and I believe all children should have access to an education regardless of vaccination status. I hope you will not support this bill along with me and understand as parents we do what is best for our children and going in depths of researching and being one step ahead for their safety, and our freedom.

Thank you for reading, Andrew Thomas
