Hi,

I am writing to tell you that **I oppose HB 3063**, the bill to end all non-medical vaccine exemptions for Oregon schoolchildren. I believe parents should retain their rights to refuse vaccinations, and I believe all children should have access to an education regardless of vaccination status.

I have seen too many cases of vaccine injury first hand to feel that they are “safe and effective” all the time. It breaks my heart to think of parents being forced to potentially harm their children. I believe the government is overstepping boundaries here.

I hope you will not support this bill along with me.

Thanks for your time,

Cassia Esping
