

My name is Anfisa Avgi, I am from Silverton, Oregon and I OPPOSE HB3063.

I 100% oppose the bill which is taking away our religious rights to say NO to vaccines and immunizations.

I reserve my rights as an American citizen and human being to say NO to vaccines and immunizations for my children.

I have the right to choose what is best for my children and I have the right to stand up for my religion.

In God and Jesus name, AMEN.
