

Hello,

I am reaching out to you in regards to Senate Bill 621.

I currently am employed by a rental management company in the Lincoln City, Oregon area. Which in our area vacation rentals have a huge benefit to many businesses up and down the coast and proud to be a part of this business helping to benefit many in our area.

Our company manages close to 210 properties with a total of over 70 employees. Taking away the opportunity to rent properties will lead to many without a job. Without these jobs the community will feel a huge impact due to employees with no income.

Home owner's find their income from a rental beneficial in providing for their families in many ways such as extra monies for their sons or daughters college funds, vacations and the day to day expenses of raising a family.

I strongly support Senate Bill 621 and ask that you consider the huge impact that our community would endure should this bill not pass. Families will suffer, local business will suffer all in the all the entire Oregon Coast will suffer!

Thank you for your attention in regards to this matter.

Linda
