**Subject:** Testimony HB3063

I'm a resident in Corvallis OR and I oppose to bill HB3063 which removes non-medical exemptions.

No human should be coerced into doing something against their faith or beliefs . Removing the right of public an education to a child to coerce into vaccination is unconstitutional. Will the state provide a school for children that are unvaccinated or selectively vaccinated? Children need to socialize for their wellbeing. Online classes does not constitute equal education for all.
