Subject: Mandatory Vaccination Bill HB 3063- OPPOSE
Date: Tuesday, February 26, 2019 9:25:08 PM

I am opposed to House bill 3063.

Mandating Vaccination for ALL students in Oregon for school attendance [will impact 31,521 students](#) that have filed a non-medical exemption

Exempt in Oregon means the student didn't receive [ALL 31 of 31 required](#) vaccines for school attendance.

Oregon has [extremely high MMR rates](#) across all counties.

[OHA data on high vaccination rates](#) across Oregon.

7.5% of kindergarteners file an exemption form, meaning they could simply be exempt from ONE vaccine and not ALL vaccines.

[Only 2.6% of students](#) in K-12 are 100% UNVACCINATED so that means of the people who filed an exemption, [66% of them partially vaccinated](#) their kids! (Because only 2.6% of the 7.5% of exemptions did no vaccines, that means 4.9% did vaccinate, $4.9/7.5=65\%$)

[Exemption rates go up naturally](#) over time as a new vaccine is added to the schedule, parents are opting out until they are ready.
