

Let the record reflect, I STRONGLY **OPPOSE HB3063**:

For those listed above that *truly* do not already know:

VACCINES ARE A MULTI BILLION DOLLAR INDUSTRY AND NOT EVEN ONE PROPER DOUBLE BLIND, INERT PLACEBO CONTROLLED SAFETY STUDY HAS EVER BEEN PERFORMED ON EVEN ONE OF THE CDC RECOMMENDED 72 DOSE SCHEDULE!

The CDC- Centers for Disease Control owns at least 56 vaccines “technologies” the same federal agency promoting and increasing the dosage schedule that has ZERO proper safety studies, which is a gross conflict of interest. [vaccine inassignee:centers inassignee:for inassignee:disease inassignee:control - Google Search](#)

Most are aware, but for those that are not, it is disturbing that in 1986, **Ronald Reagan awarded vaccine manufacturers legal immunity from being sued by people maimed by injections. (Childhood Vaccine Injury Act)** The Vaccine Injury Compensation Program to date has paid out over **\$4,000,103,277.34 of American taxpayer dollars** to families who have suffered adverse reactions including death from vaccine products. This panel is considering legislation lobbied for by pharmaceutical companies, mandating the injection of a product **FREE FROM ANY LIABILITY**. US LAW regards vaccines as “unavoidably unsafe”. Vaccine mandates do not belong in a free country. Our Representatives should not be allowed to accept any contributions from these Propaganda machines as it creates a slippery slope for the legislation you then support.

Vaccines are some of the most complicated pharmaceuticals to produce. The actual vaccine inserts (not the information page the nurse or doctor hands out) are very, very long and list multiple adverse reactions **including encephalitis, seizures, and death.** [Insitute for Vaccine Safety - Package Inserts and Manufacturers](#) As the dosage schedule has gone up, so has the incidence in the United States of SIDS, autism, allergies, autoimmune disorders, childhood cancers and other neurological issues. Many vaccines contain aluminum (1) including the HEP B vaccine given to first day old babies!

Have you ever researched the ingredients of each vaccine? Many pro-Life supporters would be shocked to know that M-M-R vaccine (Rubella Wistar RA 27/3 Strain) contains fragments of human diploid cells (WI-38) a strain composed of fibroblasts derived from lung tissue of a 3-months gestation female fetus <https://www.cdc.gov/vaccines/pubs/pinkbook/downloads/appendices/B/excipient-table-2.pdf> The problem furthermore being that the tissue for culture must be ALIVE!!!! Those that are injected with this LIVE vaccine are SHEDDING AND SPREADING VACCINE STRAIN MEASLES MUMPS AND RUBELLA! Flu and chickenpox vaccine strains <https://www.ncbi.nlm.nih.gov/pmc/articles/PMC3667938/> [Eurosurveillance | Case of vaccine-associated measles five weeks post-immunisation, British Columbia, Canada, October 2013](#) Did you know CHINA is the leading manufacturer of the vaccines we are given and administering in the USA?! The longer that fetal cell lines replicate the more mutations can occur!

As a parent of a vaccine injured child, I can tell you, the risk FAR OUTWEIGHED ANY PERCEIVED BENEFIT.

HB3063 is a wolf in sheep's disguise. One does not need any special degree to look at the ingredients in any one vaccine to see

what is being done to generations of humans. It is an abomination. Humans are created with an intact immune system-our Creator didn't make a mistake, we did. We blindly trust that somehow doctors and nurses and other healthcare professionals know everything and always have our best interests at heart. While many of them do, many simply do not—and when our own Representatives, Senators, Congressmen and Committee members are supporting the mandate of vaccine products with NO LIABILITY and NO MOTIVATION TO MAKE THEIR PRODUCTS SAFER, you are directly holding their children's education hostage, using coercion to perform a medical procedure with WELL documented risk including DEATH and we DO NOT CONSENT. The Nuremberg Code has been violated in that we are the test subjects.

I understand that as a politician, you are able to accept contributions from companies like Merck, Sanofi Pasteur, GlaxoSmithCline, Pfizer, Novartis, or other PACs, public health authorities and deep state interests, etc, but you must also understand that at some point people will realize the truth and that is that real science proves vaccines are more dangerous than they are beneficial.

Which side of history are you on? What will be YOUR legacy?
