My name is Kenneth E Murphy, I live at 01925 SW Military Rd Portland OR. 97219. I just want to express my opposition to these bill. We need legislation that is both agreeable to the environmental preservation, voters and folks who use and pay the fees that fund the study of these waterways. Please, lets get some real studies that yield the proper information that allows us to move forward in a reasonable fashion.

Thank you,

Ken Murphy
