

Hello,

Taylor Martinek was a great friend and a wonderful human being. I have been affected by his passing and many people I know have been affected as well. Taylor was someone who could walk into any room and brighten the day. He had a contagious smile and an infectious happy-go lucky attitude. He is dearly missed by family, friends and the community. He was a fantastic person who struggled with addiction after his surgeries. The fact that he was dealt prescription pills with the deadly fentanyl and that the drug dealers walked basically free is horrible. What kind of example does that set for all the drug dealers out there that are ruining lives every second of every day?

I fully support Taylor's Law and believe that drug dealers who kill people should be accountable for their actions. It's unacceptable what happened to Taylor and unacceptable that the drug dealers walk free. Taylor is a victim of a crime and those who commit crime should be punished, in this case the crime was murder. I hope Oregon passes Taylor's Law so drug dealing has harsher consequences and dealers stop killing people. I hope no one feels the pain and sadness the Martinek family has felt, and the pain all of Taylor's Family, Friends and the community he affected so positively has felt.

Pass Taylor's Law. I miss you Taylor. Rest In Peace, Buddy.
