

## **SB 5541 – Oregon Youth Authority**

Discussion – Responses to March 5, 2019 Public Hearing

March 6, 2019

### **1. Number of OYA county offices participating in the Youth Reformation System pilot of its new “Youth Placement Scores” tool**

---

OYA’s parole and probation field offices around the state participated in pilot tests of Youth Placement Scores tool, which predicts the likelihood that a youth on OYA probation or parole will be successful in each of the residential programs OYA contracts with. It is used to assist juvenile parole and probation officers in matching youth with appropriate programming.

The field offices are organized into five regions. Some regional offices incorporate multiple counties; some counties, like Lane County, are “regional offices” in and of themselves.

Below is a list of the five regions and 15 participating OYA offices. The five regions are noted in bold.

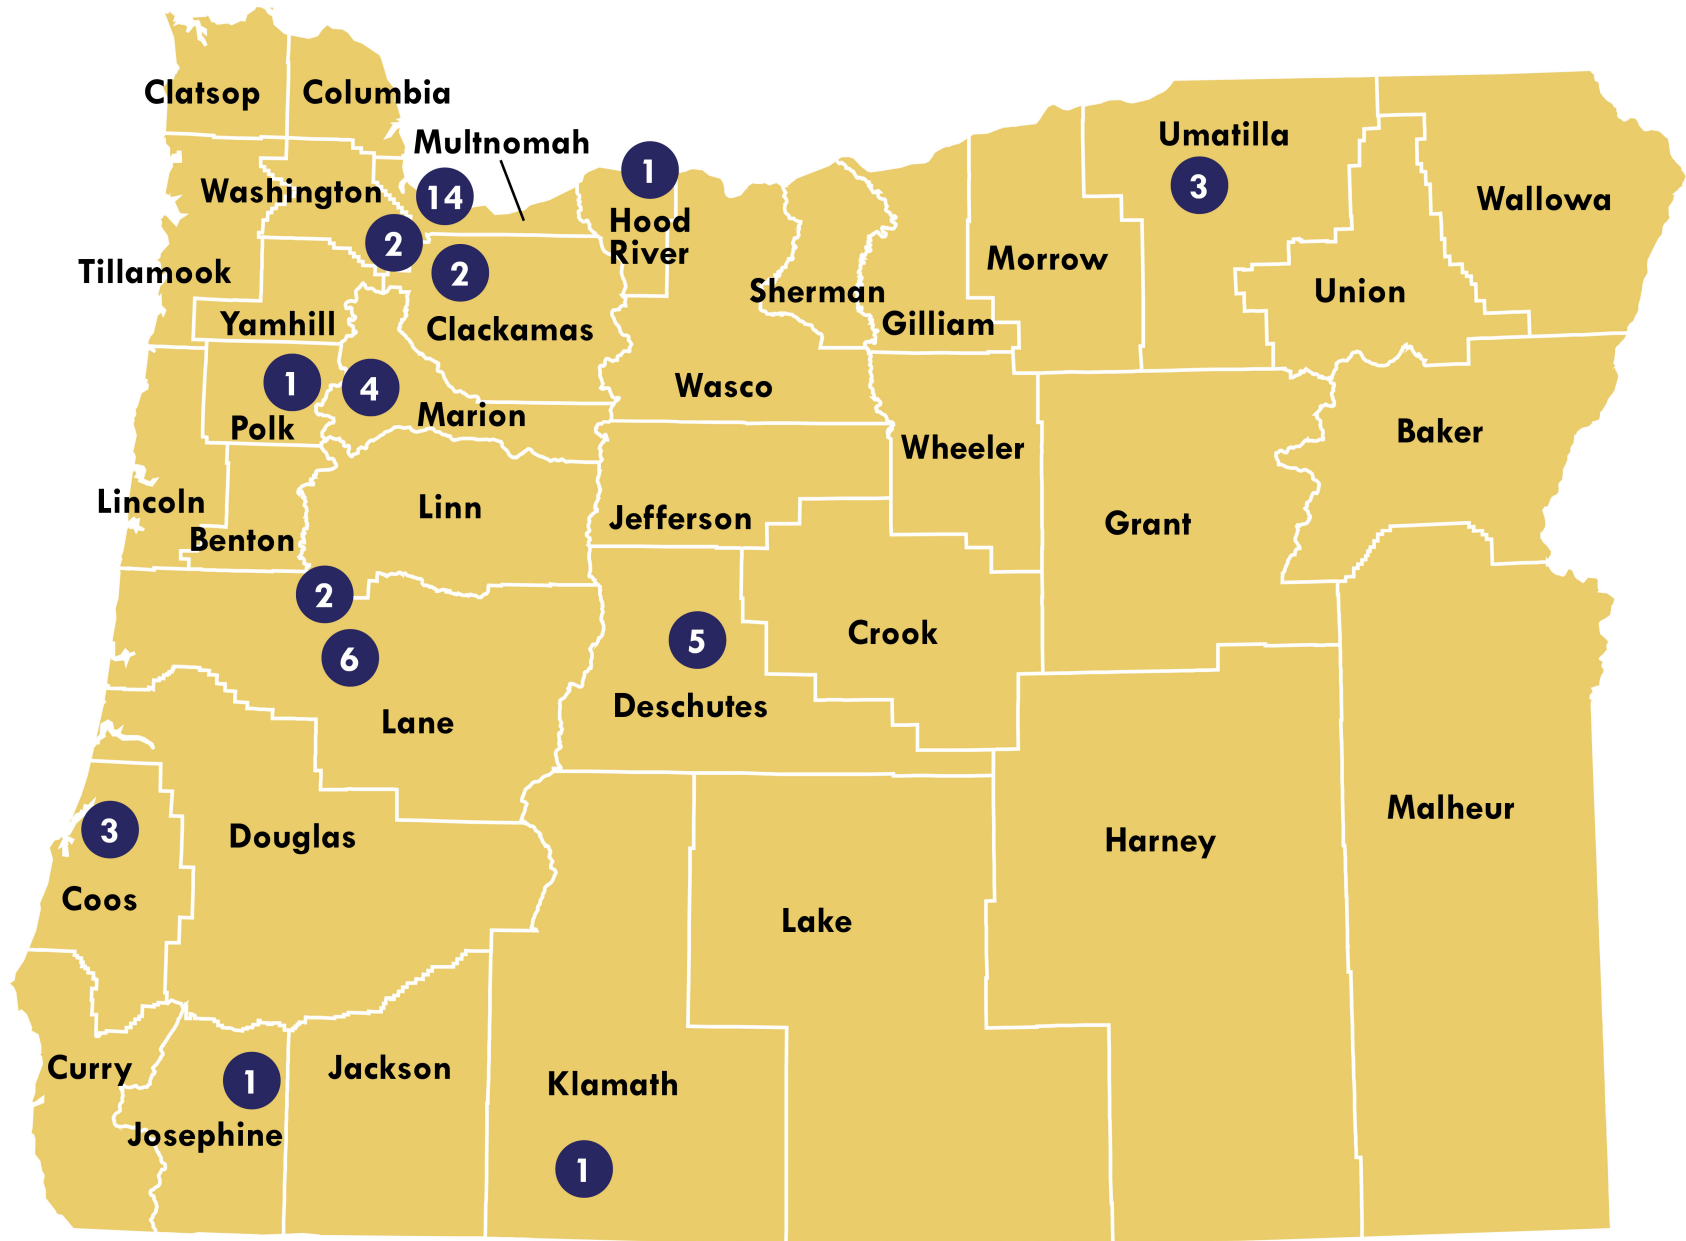

- **Central/Eastern Region** (Crook, Deschutes, Gilliam, Hood River, Jefferson, Sherman, Wasco, Wheeler)
- **Clackamas**
- **Lane**
- **Marion**
- **NW Region** (Clatsop, Columbia, Tillamook, Washington)

### **2. What are the residential programs OYA contracts with around the state?**

---

See next page for a map showing the geographical spread. We will follow up with Co-Chair Winters to see what additional information she requires.

# OYA Community Residential Programs

\* Numbers indicate how many separate programs are at that location
