

To Whom it May Concern:

I am for ending Day Light Savings Time. Leave the time alone as the changes causes too much disruption in people's lives. 6 months each year from when the time is set back in the Fall until Spring, I literally cannot function. Depression and sleepless nights prevail. Once the time has been switched in the Spring ahead, do NOT change the time again.

Sincerely, Virginia Webster, 62061 Ross Inlet, Coos Bay, Oregon 97420
