Subject: HB 2080 Boating Related Services Program Fees
Date: Monday, March 11, 2019 3:48:39 PM

My name is Scott MacLeod. I live in Klamath Falls and am a volunteer with the Klamath County Sheriffs Office Small Boat Rescue

After reading the summary of HB 2080 I agree with part of the bill and disagree with part of it. Raising a fee 33 percent per foot in one year is something California would do without batting an eye. I moved out of there because of the excessive fees among other things. How about making incremental raises, Something like fifty cents the first year and 25 cents the following years up to \$6.00. The same goes for the new title and transfer fees, add \$5.00 per year until you reach the \$75.00. Lets be Oregon not California.

Thank You
Scott MacLeod
